JEC europe
COMPOSITES SHOW & CONFERENCES
PARIS MARCH 10, 11, 12, 2015

Dear Valued Customers,

We are pleased to inform you that we will be exhibiting at JEC Europe Show 2015 in Paris (France) being held at Porte de Versailles from March 10th (Tue) to 12th (Thu).

Tsudakoma's exhibit is located at Pavilion 7.3, Stand S23.

It would be our pleasure to have you visit our booth, to allow us to introduce some of our composite machinery products such as Prepreg Slitter, some different type of Auto Tape Lay-up Machines, Preforming machine, and Carbon fiber weaving machine (Rapier loom). You will find our new models engaged with new features.

Should you have a plan to visit, please feel free to contact us in advance so that we can send you e-invitation for the free entrance ticket.

We look forward to seeing you at JEC Europe 2015 in Paris.

Best regards,

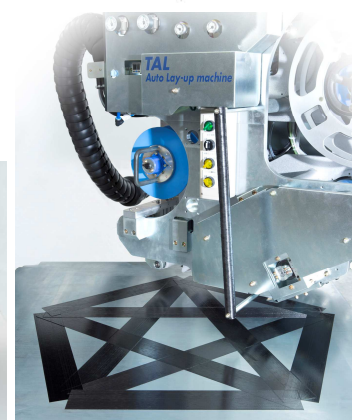

Kazuhito Sakai
